Monthly Value: Respect

As students learn about respect this month, they will look at the life of Nelson Mandela, the South African activist and former president who helped eradicate apartheid in his country. He dedicated his life to change the laws in his country to be more respectful of all people and encouraged the people to treat one another with more respect.

As we help students find ways they can be more polite, courteous and treat all people with dignity, we will look at the example of Mr. Mandela.
